## **KINESIS K3 WIND AND SOLAR CHARGER TO APPEAR ON QVC® FOR EARTH DAY, APRIL 22, 2010**

**SCOTTSDALE, Ariz.** (April 16, 2010) – Kinesis Industries LLC, a company that develops, manufactures and distributes micro-generation renewable energy products to consumers worldwide, is scheduled to have its flagship product, the *K3 Portable Universal Wind and Solar Charger*, featured on QVC. The multimedia retailer will bring national attention to the K3's environmental benefits, as well as its practical applications, this coming Earth Day (April 22, 2010).

"We are thrilled to bring the K3 to QVC's customers," said Tod Wagenhals, president of Kinesis Industries. "What a perfect day to showcase a sustainable product like the K3 charger. We applaud QVC for making an effort to incorporate green products into its programming."

The *K3 Portable Universal Wind and Solar Charger* (QVC Item #V30080) is scheduled to be featured April 22, 2010 during the "Easy Solutions" show at 4 PM (EDT).

### **About Kinesis Industries LLC**

Kinesis Industries LLC was established to develop, manufacture and distribute micro-generation renewable energy products to consumers worldwide. The company's mission is to develop a wide range of products, such as the K3. The goal of Kinesis Industries LLC is to apply the technologies it has developed to other products and give each person an opportunity to be part of the energy solution.
